

一 . Product information:

Product name: Surgical Mask (Type II)

Manufacturer: 3 A Medical Products Co., Ltd Composition:

Outer side	22g SPP
Filter layer	25g Melt-blown
Inner side	18g SPP

Remarks:

The specific chemical identity of the fiber and the components of the finish and of the colorants is withheld as a trade secret.

二 . Application:

Used for medical and health supplies and personal hygiene care.

三 . Physical properties:

ITEMS	Test method and standard (CN)		Test method and standard (EN)		Results
Synthetic blood Resistance (mmHg)	YY0469:2011	120mmHg	ISO22609:2004	120mmHg	120mmHg without penetration
BFE (%)	YY0469 Annex B	≥95	EN14683 Annex B	≥98	100%
PFE (%)	YY0469:2011	≥30	EN149:2001	N/A	70%~80%
Differential pressure (Pa)	YY0469:2011	≤49	EN14683 Annex C	≤49	38~43
Microbial cleanliness (cfu/g)	GB15979:2002	≤20	ISO11737-1	≤30	≤10

四 . Application instructions:

Keep under cover in a dry and well-ventilated place, avoiding direct sunlight.
